

ACCESSORIES FOR SONOS

Floor Stand For Sonos One

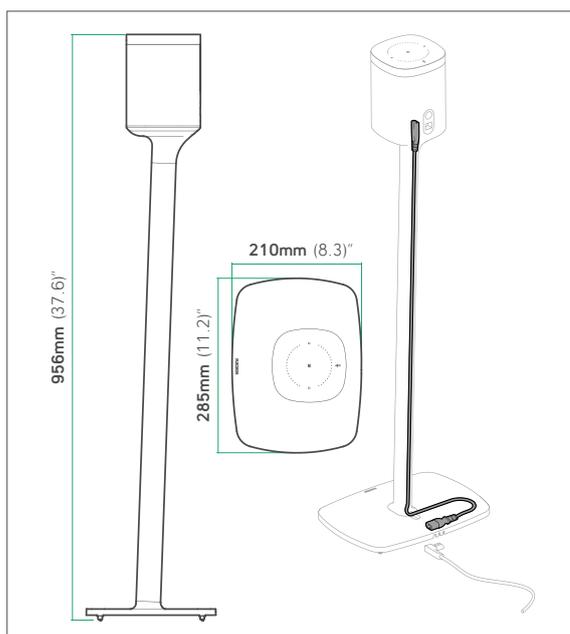

S1-FS (Single) S1-FSX2 (Pair)

The Flexson Floor Stand for Sonos One is a bespoke design for the speaker. It holds the Sonos One at the ideal listening height, and comes with a range of cable management to keep things neat. The stand upright has room for the power cable plus network cable if required, with neat routing for both at the base.

As an added bonus, the Flexson Floor Stand for Sonos One comes with a power extension cable included, so it's easier to put the stand in the perfect place in your room, even if that's not next to a mains power socket.

Like all Flexson products, the Floor Stand for Sonos One is precision engineered, and is quick and easy to assemble. It is available in black and white finishes - to match the Sonos One - and in both single and pair packs.

- Holds your Sonos One speaker at the ideal listening height
- Includes power extension cable – gives you extra reach to mains plug sockets
- Available in black or white to perfectly match the Sonos One
- Quick and easy to assemble
- Precision engineered in UK
